

The Grove

Stylish shutters, outriggers and columns give The Grove all of the West Indies architectural details necessary to make this elevation stand out. Hosted on the interior are 4 bedrooms, 3 full bathrooms, and a study. The master suite includes a sitting area perfect for reading and a wetroom style shower along with his and her vanities. This open concept floor plan features a large kitchen with plenty of storage and a laundry room worth doing laundry in. This home is Florida living at its best with two large sliders that open to a lanai with an optional fireplace and bar.
